

Freemasonry – A Warning

By Carlos S. K.

Freemasonry is a worldwide organization, they explain to be a Christian community. They talk about the Bible, God, Jesus Christ, and the Holy Spirit, but they do not preach or practice the word of God. They have religious activities, but no life of the Spirit of God. They use a lot of symbols and signs, most of them a based on occultism.

Freemasonry has its roots in ancient Babylonian religious system, as well as from Judaism, Hinduism and Christianity.

Text quoted from Wikipedia:

Freemasonry is a fraternal organisation that arose from obscure origins in the late 16th to early 17th century. Freemasonry now exists in various forms all over the world, with a membership estimated at around six million, including approximately 150,000 under the jurisdictions of the Grand Lodge of Scotland and Grand Lodge of Ireland, over a quarter of a million under the jurisdiction of the United Grand Lodge of England and just under two million in the United States.

End of quotation.

They chose many new members from Christian churches and fellowships, and as they explain being a Christian community, many fall into this trap. Their community has an outlook of being a good and well organized fellowship that really care for their members, their invitation is really attractive.

Check this quotation from one of their books:

In the book, Ecumenism, written by a Freemason in 1908, it says;
“The goal is no longer the destruction of the Church, but rather to make use of it by infiltrating it”.

Bishop Graber
St. Athanasius, pg. 64-65

End of quotation.

This text explains their goal, which is the devils hidden work, to destroy the Kingdom of God and His church here on earth.

This document is a warning for this so called Christian organization. If you are a member of Freemasonry, or any other similar organizations, which are many, you must know the truth; having fellowship with an organization controlled by the devil, may cost you your inheritance of eternal life in the Kingdom of God in Heaven. It is a sin against God, His Holy Word, and the Lord Jesus Christ who paid the price for your salvation by His death on the cross of Calvary.

You who already are a member of Freemasonry, maybe you are a minister, a preacher, or just a normal Christian.

- As a mature Christian, only you your self are responsible for your life and where you are going to spend eternity.
- As a preacher of Gods word, you do have a calling of God to follow His word, if you don't, you are in great trouble. Membership with the devil pays back, you will reap what you sow, and you are responsible for what you are doing. As a preacher you also are deceiving the members of your church.

Would you check our other website please, there you will find many preachers who are now in hell, just for the simple reason, they did not preach the word of God as it is written. It cost them their eternity in the Kingdom of God in Heaven. Now they are in Hell and there is no way out.

Even if you are not a preacher, but you are a member of the Freemasonry, please do the same, check this website and find the documents on **Hell** by:

- Angelica Zambrano, Ecuador.
- 7 Columbian youths.

The Lord Jesus Christ has visited these peoples and He showed them both Heaven and Hell. You will also find other interesting stories on the same website.

There is a lot more to tell on the subject “Freemasonry”. I found a document on Internet by a former Freemasonry member; “The Deception of Freemasonry.”
